**NOTICE OF PROPOSED  
ADMINISTRATIVE FINE  
AND HEARING  
No. AF 01-014**

**April 5, 2001**

**I. Introduction**

This Notice of Proposed Administrative Fine and Hearing is issued by the Department of Environmental Services, Water Division ( the Division ) to Norman Fellows, pursuant to RSA 485-A:43 and Env-C 601.05. The Division is proposing that fines totaling \$ 6,500 be imposed against Norman Fellows for the violations alleged below. **This notice contains important procedural information. Please read the entire notice carefully.**

**II. Parties**

2. Norman Fellows is an individual having a mailing address of RFD #2, Newport, NH 03773.

**III. Summary of Facts and Law Supporting Claims**

1. RSA 485-A:29-44 authorizes DES to regulate the subdivision of land and the construction, maintenance, and repair/replacement of individual sewage disposal systems ("septic systems"). Pursuant to rulemaking authority conferred therein, the Commissioner of DES has adopted Env-Ws 1000 to implement this program.
2. Pursuant to RSA 485-A:43, V, the Commissioner is authorized to impose fines of up to \$2,000 per violation for violations of RSA 29-44, including any rule adopted thereunder. Pursuant to this section, the Commissioner has adopted Env-C 604 to establish the schedule of fines for such violations.
3. Jane Underhill is the owner of property located at 426 Main St., Route 10 South, Grantham, NH, more particularly described on Town of Grantham Tax Map 237 as Lot 30 ("the Property").
4. On November 21, 2000, the Town of Grantham discovered that Norman Fellows was replacing a septic system on the Property. The system was within 75 feet of surface waters.
5. When Mr. Fellows was asked if he had submitted a design for the septic system to DES for

approval, he replied that he had not done so.

6. When Mr. Fellows was asked if he had received an installer's license from DES, he replied that he was not currently licensed to install septic systems.

7. On November 21, 2000, the Town of Grantham issued a cease and desist order to Norman Fellows to prevent further illegal work on the septic system on the Property.

8. RSA 485-A:32, I, prohibits construction of a septic system without prior approval of the plans and specifications of the system by DES.

9. RSA 485-A:36, I, requires any person engaging in the business of installing septic systems to obtain an installer's permit from DES. RSA 485-A:36, II allows a person desiring to install or repair a septic system for his own domicile without obtaining an installer's license.

10. Env-Ws 1003.10 allows certain septic systems to be repaired or replaced "in kind" without prior approval of plans. Env- W s 1003.10( c) requires plans to be submitted for approval prior to repairing or replacing a septic system that is within 75 feet of surface water and requires a test pit to be dug immediately adjacent to the effluent disposal area of the septic system.

11. Env-Ws 1003.10(g) requires all repair and replacement work to be done by a state permitted installer, except that an individual may perform repair or replacement work on the septic system serving that person's own private domicile.

12. Env-Ws 1003.10(i) requires the test pit data and a sketch of a repaired/replaced septic system to be submitted to DES.

13. Env-Ws 1003.10 (j) requires a completed questionnaire to be submitted after repair/ replacement of a septic system that provides information on the location of the system and other information pertinent to the reason(s) why the system needed to be repaired/replaced.

14. At the time of the work done by Mr. Fellows, there was no evidence that a test pit had been dug near the effluent disposal area of the septic system.

15. DES has no record of receiving test pit data, a sketch of the system, or a completed questionnaire for the system.

#### **IV. Violations Alleged**

1. Norman Fellows has violated RSA 485-A:32, I, and Env-Ws 1003.10(c) by installing a septic system on the Property without receiving prior approval of the plans for such system from DES.

2. Norman Fellows has violated RSA 485-A:36, I, by installing a septic system on the Property without having obtained an installer's permit from DES.

3. Norman Fellows has violated Env-Ws 1003.10(lc) by failing to dig a test pit immediately

adjacent to the effluent disposal area of the septic system on the Property prior to repairing or replacing the system.

4. Norman Fellows has violated Env-Ws 1003.10(i) by failing to submit test pit data and a sketch of the repaired/replaced septic system on the Property.

  2. At the time the violation was committed, you were making a good faith effort to comply with the requirement that was violated.
  3. You have no history of non-compliance with the statutes or rules implemented by DES or with any permit issued by DES or contract entered into with DES.

**The hearing is your opportunity to present testimony and evidence that you did not commit the violation(s) and/or that the fine(s) should not be imposed, or that the fine(s) sought should be reduced.** If you have any evidence, such as photographs, business records or other documents, that you believe show that you did not commit the violation(s) or that otherwise support your position, you should
